

CURRICULUM VITAE

MARK STEVEN DWORKIN, M.D., M.P.H.T.M.

Professor

Division of Epidemiology and Biostatistics
University of Illinois at Chicago School of Public Health
1603 W. Taylor Street, MC 923
Chicago, Illinois 60612
312-413-0348, phone
312-996-0064, fax
mdworkin@uic.edu

web: <http://mdworkin.people.uic.edu/>

EDUCATION

The University of Michigan - Ann Arbor, MI May 1985 B.A. English.

GRADUATE EDUCATION:

- 1985- 1989, Rush Medical College - Chicago, IL, Medicine (MD)
- 1993 -1994, Tulane University School of Public Health and Tropical Medicine - New Orleans, LA, Tropical Medicine (MPHTM)

BOARD CERTIFICATION and MEDICAL LICENSURE:

- Specialty - Internal Medicine, American Board of Internal Medicine, 1992. Recertification 2002.
- Subspecialty - Infectious Diseases, American Board of Internal Medicine, 1994. Recertification 2004, 2014.
- Illinois licensure 036-102140, expires July 31, 2020.

FACULTY APPOINTMENTS

- 1995 - October 1996, Clinical Instructor, University of Washington Medical Center, Seattle, Washington, Department of Internal Medicine, Section of Infectious Diseases
- 2002 to present, Assistant Professor, Section of Infectious Diseases, Department of Medicine, Rush Medical College, Chicago.
- 2005 to 2006, Adjunct Assistant Professor, University of Illinois at Chicago School of Public Health
- 2006 to present (inactive currently), Adjunct Assistant Professor, Northwestern University, The Feinberg School of Medicine
- 2006 to present, Professor, University of Illinois at Chicago School of Public Health
- 2008 to present, Instructor, University of Chicago, Graham School of General Studies

CURRENT HOSPITAL APPOINTMENTS

- February 2002 to present, Infectious Disease Physician, Our Lady of the Resurrection Hospital (now named Community First Medical

Center), Chicago, IL

- 2013 to present, Infectious Disease Physician, St. Mary and Elizabeth Hospitals, Chicago, IL

COMMITTEE SERVICE

- 1999, Young Investigator Award Committee of the American Society of Tropical Medicine and Hygiene
- Illinois Department of Public Health:
 - 2004 to 2006, Research and Data Release Committee
 - 2004 to 2006, Hepatitis Prevention Plan Steering Committee
 - 2004 to 2006, Bioterrorism Preparedness and Response Committee
 - 2005 to 2006, Pandemic Influenza Planning Workgroup
- 2006 to 2007, Executive Committee
- 2007 to present, Global Health Committee, University of Illinois at Chicago School of Public Health
- 2011 to present, Graduate Studies Ad Hoc Committee, University of Illinois at Chicago School of Public Health
- 2012 to 2016, DrPH Advisory Committee
- 2017 to present, Undergraduate Advisory Committee

AWARDS, HONORS, DISTINCTIONS

- 1996, ICAAC Young Investigator Award
- 1998, Public Health Service Achievement Medal
- 2000, Public Health Service Commendation Medal
- 2002, Advancement to Fellow, American College of Physicians (FACP)
- 2009, Delta Omega Honor Society

PROFESSIONAL SOCIETY MEMBERSHIPS

- Infectious Diseases Society of America

WORK EXPERIENCE

- November 1996 to November 2000, Project Officer for the Adult and Adolescent Spectrum of Disease Project of the Surveillance Branch, Division of HIV/AIDS Prevention and Lieutenant Commander and Commander, US Public Health Service, Centers for Disease Control and Prevention, Atlanta, GA
- November 2000 to August 2006, State Epidemiologist, Illinois Department of Public Health, Chicago, IL
- August 2006 to present, Associate Professor, Division of Epidemiology and Biostatistics, University of Illinois at Chicago, School of Public Health, Chicago, IL
- August 2012 to present, Professor, Division of Epidemiology and Biostatistics, University of Illinois at Chicago, School of Public Health, Chicago, IL

- August 2010 to July 2012, acting, August 2012 to present, Associate Director of Epidemiology, Division of Epidemiology and Biostatistics, University of Illinois at Chicago, School of Public Health, Chicago, IL

PROFESSIONAL and SCIENTIFIC SERVICE

- Illinois Department of Public Health, Rapid Response Team (Outbreak Investigation), Team Leader, 2000 to 2006
- Member, External Advisory Committee, Universidad Central Del Caribe, Bayamon, Puerto Rico, 2003 to 2006
- Editor, Illinois Department of Public, Division of Infectious Diseases Newsletter, 2003 to 2006
- Content Advisor to the 24/7 Science Behind the Scenes Medical Files book series including Belly-Busting Worm Invasions, Blood Suckers, Help! What's Eating My Flesh?, There's A Fungus Among Us!, Cute Furry, and Deadly, and When Birds Get Flu and Cows Go Mad! Published by Scholastic, 2007
- Member, Partnership for Food Safety Performance Partnership Summit, March 9-10, Chicago, IL
- Editorial Board Member, Food Protections Trends journal, January 2012-2017
- External Evaluator, Hong Kong University MPH program, August 2014 to 2018
- Expert Panel Member, Legionella Outbreak Investigation consultation led by KWR for the Michigan Department of Health and Human Services 2018-2019

TEACHING

- Lecturer - 5th (Hanoi), 6th (Tokyo), and 7th (Phnom Penh) Seminar for Southeast Asian AIDS program managers, 1999 - 2001
- Course Director for Infectious Diseases in Public Health elective for 3rd and 4th year medical students, 2002 to 2006, Rush Medical College, Chicago
- Supervisor of public health interns, 2003 to 2006, University of Illinois-Chicago School of Public Health, Northwestern University, and University of Chicago
- Co-course Director - Control and Prevention of Infectious Diseases in Public Health, Spring 2003, 2004, 2006 and 2007, Course Director Spring 2005, Northwestern University School of Medicine, Chicago, Instructor 2008, 2009
- Supervisor of Centers for Disease Control and Prevention EIS Officer, 1998 to 2000, 2002 to 2006, CDC/CSTE Applied Epidemiology Fellow 2004 to 2006, and CDC Public Health Prevention Service Fellow 2001 to 2003 and 2004 to 2006
- Invited guest lecturer - Japanese Government Field Epidemiology Training Program (FETP) (Tokyo), February 3 - 13, 2004
- Member, MS and PhD thesis committees, University of Illinois at

Chicago School of Public Health - Chicago, 2007 to present
(available upon request)

- Course Director for Public Health Investigation and Surveillance
-Tracking the Health of Populations, Spring 2008 to present,
University of Chicago Graham School of General Studies Master of
Science in Threat and Response Management program.

Research Support

Current

R21 NR17097-01 Dworkin (PI) 09/26/16 to 07/31/2019
National Institutes of Health (PI: Dworkin)
"Exploring Real-time Antiretroviral Therapy Adherence in Young
African American Men Who Have Sex With Men"

Role: Principal Investigator

This exploratory/developmental application determines the
acceptability of a promising new intervention using real-time
adherence monitoring and determines reasons for missed
antiretroviral therapy (ART) doses in young AAMSM.

R01 MH116721-01 Dworkin (PI) 02/15/19 to 02/14/24

National Institutes of Health

A Mobile Phone Intervention Using a Relational Human Talking Avatar
To Promote Multiple Stages of the HIV Care Continuum in African
American MSM

This project refines the mobile phone app developed in R21 NR16420
and tests its efficacy in young African American MSM in a randomized
clinical trial in Chicago, Atlanta, and Jackson (Mississippi).

Role: Principal Investigator

Completed

United States Department of Agriculture (PI: Dworkin)
9/01/08 - 8/31/12

A Knowledge Assessment and Intervention to Reduce Food Poisoning
Risk Factors Related to Restaurant Food Handlers

The research examined suburban food handler food safety knowledge
with an emphasis on the comparative efficacy of two different
educational interventions.

Role: Principal Investigator

United States Department of Agriculture (PI: Dworkin)
9/01/09 - 8/31/12

A Menu For AIDS Patients To Eat Safely

The research examined food safety knowledge among persons with AIDS
in Chicago, New Orleans, and Puerto Rico and assessed the efficacy
of an educational illustrated intervention.

Role: Principal Investigator

United States Department of Agriculture (PI: Dworkin)
9/01/10 - 8/31/13
An evidence-based photonovella to encourage safe meat handling and cooking practices among low socio-economic status African Americans. The research developed and tested the efficacy of an educational photonovella designed to improve meat and poultry food safety knowledge and behavior for African Americans of low socioeconomic status.
Role: Principal Investigator

Illinois Department of Public Health (PI: Brandt-Rauf)
9/4/08 - 8/03/09
IDPH and UIC/SPH Data Integration and Utilization Collaboration
This project created an educational anthrax exercise.
Role: Co-Investigator

Metropolitan Water Reclamation District (PI: Dorevitch)
5/01/07 - 12/31/09
Epidemiologic Study of Recreational Use of Chicago Area Waterways
This research determined rates of acute gastrointestinal and non-gastrointestinal illness attributable to recreation on the CAWs.
Role: Co-Investigator

United States Department of Agriculture (PI: Dworkin)
9/01/08 - 8/31/11
Creation and Evaluation of Language-Appropriate Evidence-Based Educational Materials for Food Safety Training of Restaurant Food Handlers
The research examined urban food handler food safety knowledge with an emphasis on the role of English versus Spanish language and neighborhood socioeconomic status, and assessed the efficacy of a combination of educational interventions.
Role: Principal Investigator

Centers for Disease Control and Prevention (PI: Turnock)
9/30/10 - 9/29/12
Illinois Preparedness and Emergency Response Learning Center
The grant provided funding to develop field epidemiology curriculum and train local and state health department employees in this topic.
Role: Not applicable (training grant)

Centers for Disease Control and Prevention (PI: Dorevitch)
09/01/14 - 08/31/15
Building Resilience Against Climate Effects in State, Territorial and Tribal Health Departments
Role: Co-Investigator

W15-1014 Dardynskaia (PI) 07/01/15 to 06/30/16

Eurasia Foundation

Collaborative Research and Education Initiative on Health Risks
Reduction Strategies in Populations of the Arctic Exposed to
Persistent Environmental Contaminants

The project proposed a new research and education initiative between
the University of Illinois at Chicago and North-Western State
Medical University (St. Petersburg) on health risks reduction
strategies in populations of the US and Russian Arctic exposed to
Persistent Environmental Contaminants.

Role: Co-Investigator

R21 NR16420-01 Dworkin (PI) 09/28/15 to 08/31/18

National Institutes of Health

May I Help You? An Avatar Health Concierge for HIV-Infected African
American MSM

This exploratory/developmental application systematically developed
and then evaluated the feasibility, acceptability, utilization, and
preliminary impact of a theory-based innovative Avatar mobile phone
application to engage young HIV-infected African American men who
have sex with men in multiple stages of the HIV Care Continuum.

Role: Principal Investigator
