EDUCATION

DOCTOR OF EDUCATION, Higher Education and Organizational Change (2011)
Benedictine University, Lisle, IL
64 quarter hours completed/GPA 4.0
Dissertation: Implementing Rapid Cycle Quality Improvement in a Public Health Program

FELLOW, Illinois Public Health Leadership Institute (1993)
University of Illinois at Chicago, School of Public Health, Chicago, IL

MASTER OF PUBLIC HEALTH, Epidemiology and Biometry (March, 1986)
University of Illinois at Chicago, School of Public Health, Chicago, IL

BACHELOR OF SCIENCE, Biology, cum laude (May, 1982)
Benedictine University, Lisle, IL

PROFESSIONAL EXPERIENCE

Associate Director, DrPH Program (08/2019 – Present)

Acting Associate Director, DrPH Program (07/2019 – 08/2020)

Clinical Assistant Professor, Epidemiology and Biostatistics Division (01/2017- Present)

Adjunct Assistant Professor, Epidemiology and Biostatistics Division; (08/2012-12/2016)

University of Illinois at Chicago, School of Public Health, Chicago, IL

- Online course: Public Health Tools/Engaged Scholarship (IPHS512); 3 semester hours.
Course to build student capacity in leading an engaged scholarship process.
- Online course: Integrative Methods Core (IPHS503); 3 semester hours
Course focused on applied research, evaluation; directed students in developing and conducting an applied research proposal
- Online course: Quantitative Methods in Public Health Leadership (IPHS514): 3 semester hours
Developed and offered course in applied biostatistics including theory, methods, critical thinking.
- Online course: Dissertation Seminar I (IPHS699): 3 semester hours
Co-developed and offered course in dissertation development – problem statement, research questions, research methods and analysis planning theory and application
- Online course: Dissertation Seminar II (IPHS699): 3 semester hours
Co-developed and offered course in dissertation development – problem statement, research questions, research methods and analysis planning theory and application
- Dissertation Committee Chair ~ 10-12 students; Dissertation Committee: 8-10 students
- Other responsibilities: DrPH program administration; CEPH accreditation; program policy, planning and procedures; student portfolio review; annual student Summer Institute workshop planning and session development.

Deputy Director, Public Health Programs (11/2015-12/2016)

Director, Community Epidemiology and Health Planning Unit (07/2008 –11/2015)

Interim Director, Prevention Services Unit (06/2012-11/2015)

Cook County Department of Public Health, Oak Forest, IL

- Assumed additional responsibilities of oversight of Chronic Disease/Health Promotions Unit and Lead Poisoning Prevention Healthy Homes Unit.
- Core leadership in development and conduct of agency strategic planning process and plan development;
- Core leadership in agency Accreditation, Quality Improvement and Workforce Development planning and development

- Successfully directed, prepared application, and awarded \$7 million, 3 year grant from Centers for Disease Control and Prevention to implement disease prevention initiatives across suburban Cook County, IL via multidisciplinary community partnerships; served as project principal investigator; led development of evaluation plan.
- Initiated and developed multidisciplinary quality improvement team establishing metrics, tools and processes to improve case intervention and management of childhood lead poisoning prevention.
- Co-led startup and coordination of multidisciplinary teams in implementation of agency priority strategic health improvement plans
- Guided development of agency performance metrics – STAR Measures
- Lead PHAB Accreditation process to gather and develop educational materials for 2 domains; conducted and directed PHAB Accreditation Learning Sessions for unit staff.
- Maintained all duties of previous position; managed 14 additional staff with 6 direct reports.

Director, Community Epidemiology and Health Planning Unit (07/2008 –12/2016)

Cook County Department of Public Health, Oak Forest, IL

- Assumed additional responsibilities of oversight of community planning projects and staff.
 - Prepared proposal for community health status assessment process.
 - Supervised planning of community awareness and outreach initiative on health equity
 - Directed activities leading to the implementation of a community best practice model to address food access equity.
 - Led development of policy activities
 - Guided program activities for a large community-based early childhood provider network.
- Initiated regional health data indicators project; served as Epidemiology Committee chair of regional public health consortium
- Directed community health plan implementation process
- Planned and facilitated agency strategic planning process; led unit specific strategic planning
- Initiated public health informatics program and dedicated position
- Managed six staff.; Maintained all duties of previous position

Director, Epidemiology Unit (01/1998 – 07/2008)

Cook County Department of Public Health, Oak Park, IL

- Served as the senior agency epidemiologist.
- Served as chief Geographic Information Systems (GIS) analyst, trainer and reference.
- Directed health indicator, population, and service data analysis
- Lead data analyst, author and presenter for a comprehensive community health status assessment as part of a state mandated, community-based strategic planning and Agency re-certification – IPLAN 1994, 1999, 2005, 2010, 2015. Facilitated group process in health problem prioritization, development of objectives and plan.
- Proposed and guided development of a secure, web-based map viewer for West Nile Virus surveillance data across eleven health and environmental agencies within Cook County.
- Directed all analysis of public health surveillance data, health status indicators, service utilizations and report preparation.
- Prepared detailed plans for West Nile Virus surveillance and smallpox vaccination adverse event surveillance.
- Key author and collaborator for a funded \$750,000 federal (HUD) grant proposal.
- Developed the Epidemiology Unit from its inception; established it as key Agency resource.
- Developed electronic disease surveillance tools and databases.
- Created and maintained Agency webpage.
- Assumed responsibility for all information systems management; directed hardware and software selection, acquisition and installation and repair.

Assistant Director, Communicable Disease Control Division (05/1991 – 12/1997)

Coordinator, General Communicable Disease Program

Cook County Department of Public Health, Oak Park, IL

- Functioned as lead communicable disease epidemiologist.
- Conducted and managed all activities involved in disease investigation and surveillance.
- Analyzed diseases surveillance registry data; prepared epidemiologic reports.
- Developed, guided and analyzed a birth cohort survey of immunization completion.

Served as clinical laboratory administrator responsible for management of laboratory operations. Supervised 13 laboratory staff. Assured compliance with regulatory and professional standards required by OSHA and CLIA; designed and implemented procedures and instruments for monitoring laboratory quality. Chaired quality assurance committee.

- Planned and coordinated an annual conference on communicable diseases for area health professionals; secured funding and professional accreditation. Provided in-services to health professionals in the area of communicable disease epidemiology.
- Coordinated and managed disease investigation, control and surveillance for communicable diseases including food-borne and institutional outbreaks of disease.
- Developed and maintained a surveillance database system; responsible for presentations to health professionals; responded to inquiries for information from health professions and the public.

Data Manager, HIV Seroprevalance Program, AIDS Activity Section (08/1989 - 05/1991)

Illinois Department of Public Health, Chicago, IL

- Directed data management, statistical analysis and report preparation for Illinois surveys conducted, as part of the CDC Family of HIV Seroprevalence Surveys.
- Developed protocol for maintaining data quality.
- Created data entry and management system for a population based survey.

Coordinator/Staff HIV/AIDS Surveillance, Counseling and Testing Program (12/1986 - 08/1989) Cook County Department of Public Health, Oak Park, IL

- Supervised all activities related to AIDS/HIV surveillance; created, developed and maintained surveillance database system; conducted epidemiologic case investigations.
- Managed activities related to counseling and testing sites including staff hiring, scheduling, training.
- Conducted presentations to health professionals on HIV in the workplace; coordinated annual in-service to area health professionals.
- Trained staff in phlebotomy.

ADJUNCT TEACHING EXPERIENCE

Instructor, Master of Public Health Program, Community Health Sciences Division

University of Illinois Chicago, School of Public Health, Chicago (09/2012)

- Classroom course in Community Health Assessment (CHS421)
- Census of instruction: 1 course; 4 quarter hours; 12 students.

Instructor/Adjunct Faculty, Master of Public Health Program (03/2003 – 08/2012)

Benedictine University, College of Education and Health Services, Lisle, IL

- Created graduate courses in epidemiology and community health improvement planning.
- Enhanced lectures with distance learning technology
- Instructed courses in Epidemiology; Community Health Analysis
- Census of instruction: 2 courses; 10 sessions; 80 quarter hours; 357 students.

Benedictine University, Moser College of Business, Lisle, IL (05/2007- 08/2012)

- Authored and taught an online survey course in epidemiology for the new online MPH program.
- Census of instruction: 1 course; 15 sessions; 60 quarter hours; 174 students.
-

Benedictine University, Moser College of Business, Lisle, IL (05/2007- 08/2012)

- Authored and taught an online course in community health assessment and planning using the NACCHO MAPP framework in the new online MPH program.
- Census of instruction: 1 course; 12 sessions; 48 quarter hours; 130 students

Instructor/Adjunct Faculty, Graduate Nursing Program (08/2006 – 07/2013)

Loyola University of Chicago, Niehoff School of Nursing, Maywood, IL

- Authored and taught a graduate level, nursing oriented, course in epidemiology.
- Concurrently taught the course in a classroom and via videoconference to two remote sites.
- Enhanced lectures with distance learning technologies.
- Census of instruction: 1 course; 7 sessions; 21 semester hours; 559 students.

Instructor/Adjunct Faculty, Public and Community Health Programs (01/1996 -05/1996)

Northern Illinois University, School of Allied Health Professions, DeKalb, IL

- Developed and taught a course in undergraduate epidemiology for more than 80 students. Utilized practical experience to enhance academic content.
- Census of instruction: 1 course; 4 semester hours; 80 students.

AWARDS and GRANTS

-
- National evaluation of Mobilizing for Action through Planning and Partnerships (MAPP), National Association of County and City Health Officials (NACCHO); \$80,000. 2018-2019
 - Partnerships to Improve Community Health, Centers for Disease Control; \$13 million. 2014-2017

PROFESSIONAL ACTIVITIES and SERVICE

Standing Committees/Boards:

University of Illinois at Chicago, School of Public Health

Doctor of Public Health Program Oversight Committee, At-Large Member (2017 to present)

Committee on Educational Programs, At-Large Member (2018-2020)

Member: Center for Excellence in Maternal and Child Health Advisory Committee (2015- 2020)

Health Impact Collaborative of Cook County (2014- 2016)

Steering Committee; Data Committee

Cook County Health and Hospital System:

Active member - Institutional Review Board (2007 – 2016)

Northern Illinois Public Health Consortium:

Chairperson - Epidemiology Committee (2009 - 2016)

Advisory Boards:

Chicago Metropolitan Agency for Planning/Chicago Community Trust

Member, GoTo 2040 Health Advisory Committee
Northwestern University/University of Chicago/University of Illinois at Chicago
Member, National Children's Study Community Advisory Board
Illinois Department of Public Health/Illinois Public Health Institute
Member, Illinois Health Data Dissemination Initiative Community Advisory Board
Member, IPLAN Implementation Committee
Member, IPLAN Training Advisory Committee
Illinois Department of Public Health/Office of Healthcare Quality
Member, IDPH Health Information Exchange Workgroup,

Community and Program Planning Projects:

University of Illinois, School of Public Health, DrPH Program, Strategic Thinking and
Renewal Project, Co-Chair (2022-2023)
Illinois Department of Public Health SHIP2027; CHSA Lead analyst and author
Illinois Department of Public Health Revised Interim SHA2021
Census 2010 Cook County Complete Count Committee: Chairperson -Health and Social Services Subcommittee
Health and Medicine Policy Research Group: Co-Chairperson, Safetynet Summit, Data Committee
Health and Medicine Policy Research Group Member, Healthcare Safety Net Summit Planning Committee

Elected Offices:

Board of Trustees, Chicago Ridge Public Library, Chicago Ridge, IL
Elected: 2007, 2013 (six year term); Treasurer, 2007-2011; President: 2011-2015.

HONORS & PROFESSIONAL AFFILIATIONS

Bernard H. Baum Golden Apple for Teaching Excellence, UIC, SPH, 2020
Delta Omega Honor Society, lambda chapter, 2000
Outstanding Employee Award, 1993, Cook County Department of Public Health

American Public Health Association
Illinois Public Health Association
Council of State and Territorial Epidemiologists
American Evaluation Association

TECHNICAL SKILLS

Software: Microsoft Office, ArcGIS, SAS, SPSS, EPIINFO, Macromedia Dreamweaver/Fireworks.
Facilitation: Institute of Cultural Affairs: Technology of Participation Facilitation Training, March 2010.
