Alfredaholloway827@gmail.com

Primary Institution:

Director of Epidemiology
Cook County Department of Public Health
7556 West Jackson Blvd
Forest Park, IL 60130

Secondary Institution:

Research Assistant Professor
University of Illinois at Chicago in Public Health
Environmental & Occupational Health Sciences
1603 W. Taylor, MC 923 Chicago, IL 60612

Work Cell: 708-546-6062

Email: alfreda.holloway@cookcountyhhs.org

Email: ahollo2@uic.edu

OBJECTIVE: Dedicated and accomplished professional with a strong background in public health, epidemiology, and scientific leadership. Seeking a position that leverages my expertise in research, data analysis, and program management to drive evidence-based public health initiatives and improve community health outcomes.

EDUCATION

-
- 2014 Ph.D., **University of Illinois at Chicago, School of Public Health, Division of Environmental and Occupational Health Sciences**, Dissertation: *An Assessment of Surveillance and Administrative Data for Law Enforcement Related Injuries*
- 2007 MS., **University of Illinois at Chicago, School of Public Health, Division of Epidemiology and Biostatistics**, Thesis: *Outbreak of Acinetobacter baumannii Harboring an OXA-40 Carbapenemase*
- 2002 B.A., **Washington University in St. Louis**, International Studies

GOVERNMENTAL, ACADEMIC AND RESEARCH APPOINTMENTS

2019 – Present Director of Epidemiology, Cook County Department of Public Health

Responsible for setting the strategic direction of the Epidemiology unit, coordinate and lead the development and completion of the Community Health Status Assessment for health department accreditation, serve as the lead epidemiologist for the department by providing epidemiologic leadership and guidance to all CCDPH programs, monitor the progress of agency priorities, community needs and best practices. Coordinate and lead the application of appropriate epidemiological analytical and statistical methods to the identify, measure, and evaluate of structural/social determinants of health, health outcomes, and risk factors for detailed summaries of indicators fitting for publication, provide technical assistance in the development of data collection tools including surveys, questionnaires, and databases for population health assessment, supervise staff involved in community policy, planning efforts and program initiatives, provide training in data capture, analysis, and dissemination. Act as surveillance coordinator in the event of a region-wide public health emergency, monitor quality of data used in reports and recommends statistical and epidemiologic methods to address related issues.

Serve on the Senior Leadership team, agency representative and Co-chair for the Northern Illinois Public Health Consortium, Epidemiology & Informatics Committee since 2019, serve as the Co-Chair of the Council of State and Territorial Epidemiologists Health Equity Committee since 2020.

Major Achievements

- Increased number of staff three-fold within 2 years
- Increased data capacity, analysis, and dissemination
- Chaired and organized the “Elevating Public Health in Illinois” (EPI) Retreat in collaboration with the Northern Illinois Public Health Consortium (NIPHC) Health Informatics & Epidemiology Committee (HI/E) while serving as co-Chair
- Design and organized the WePlan 2020 Community Health Status Assessment for accreditation
- Initiated a fellowship program for new epidemiologists serving as a host site for the CSTE Applied Epidemiology Fellow starting in 2021 providing mentorship for four (4) fellows
- Designed and implemented the Youth Population Health Survey Program for suburban Cook County including the 2020 & 2022 Youth Risk Behavioral Surveys
- Designed and implemented the Opioid Epidemiology Surveillance Program
- Designed and implemented the Adult Population Health Survey Program for suburban Cook County including the 2022 & 2023 Cook County Health Surveys
- Designed and implemented the Cook County Health Atlas Program
- Wrote legislation for Illinois local health departments to get Prescription Drug Monitoring data in collaboration with the NIPHC HI/E Committee
- Wrote legislation for Illinois local health departments to get providers to input all vaccination data in the ICARE system in collaboration with the NIPHC HI/E Committee
- Attained acceptance of 2021 APHA Covid-19 Health Equity policy statement
- Acceptance of the 2022 CSTE Position Statement for Law Enforcement Injuries & Fatal Injuries

2014 – Present Research Assistant Professor, University of Illinois School of Public Health

Serve on hiring search committees, develop research portfolio in occupational health and injury surveillance, collaborate on projects related to the Law Enforcement Epidemiology program, collaborate on projects related the Illinois Occupational Injury Surveillance program.

Major Achievements

- Development of the Law Enforcement Epidemiology Project website www.uic.policeepi.edu

2014 – 2019 Assistant Professor, Tenure-Track, Chicago State University, Health Studies

Served as a lecturer, curriculum committee (**Chair**), admissions committee (**Chair**), community health student Association (**Faculty Advisor**), undergraduate community health program assessment (**Coordinator**), Council on Education in Public Health (CEPH) Accreditation Self-Study Committee, health studies college faculty development committee (**Chair**), and institutional review board committee

(Co-chair). Taught courses in epidemiology, environmental health, and biostatistics at the graduate and undergraduate levels, both online and in-person. Coordinated practicum placement, supervised graduate and undergraduate-level capstone projects, led and collaborate on manuscripts, mentored graduate and undergraduate students on research methods, grant applications, and publications, worked with faculty and administrators to enhance and improve existing programs and develop new academic courses and research projects, and served on university, school, departmental or other academic unit committees.

Major Achievements

- Developed two on-line courses which helped to increase enrollment
- Increased student participation in public health and community engagement events
- Served as faculty mentor for grad students in the Northwestern Science Immersion Program
- Facilitated student participation in the American Public Health Association conference
- Conducted research to study the occupational health risk of African Hair braiders
- Accepted to attend International Occupational Health conference in Uluru, Australia
- Accepted into the National Institutes of Health, Programs to Increase Diversity Among Individuals Engaged in Health-Related Research (PRIDE) at Washington University

FELLOWSHIPS

Chicago Foundation for Women, Willie’s Warriors Cohort 6 (2024)

Warriors gain a better sense of themselves as leaders and develop skills related to systems change, economic empowerment, communications, and strategic alliances, while building a close-knit support network with their fellow Warriors.

<https://www.cfw.org/get-involved-willies-warriors-2024-cohort/>

Council State and Territorial Epidemiologists (CSTE), LEAD Fellowship

18-month leadership program known as the Leading Epidemiologists, Advancing Data Fellowship (2021-2022).

BWL Leadership Program

Black Woman Leading, Mid-Career program provides training to aspiring leaders with a minority focus to support experiences unique to BIPOC communities as they learn, heal, and grow in their leadership capacity. (2021-2023)

Fellow/Visiting Faculty: Alfreda Holloway

National Heart, Lung, and Blood Institute (NHLBI): Cardiovascular Genetics and Epidemiology-

Programs to Increase Diversity among Individuals Engaged in Health-Related Research (CGE-PRIDE);

Institution: Washington University School of Medicine Department of Biostatistics (2017-2018).

Principal Investigators: D.C. Rao, PhD and Victor Davila-Roman, MD, FACC, FASE

Visiting Faculty: Alfreda Holloway

National Institute of General Medical Sciences-T36 Grant; (2017).

Institution: Harvard University Chan School of Public Health, Department of Biostatistics. Program

Director: Marcello Pagano, PhD

COURSES TAUGHT

Chicago State University Department of Health Studies Masters of Public Health Program

Epidemiology (PUBH 5113), Fall 2017, Fall 2016, Fall 2015

Environmental Health and Safety (PUBH 5112), Fall 2017, Fall 2016, Fall 2015

Health Disparities (PUBH 5115), Spring 2018, Spring 2017, Spring 2016, Spring 2015

Field Practicum in Public Health I (PUBH 5122), Summer 2017, Fall 2016, Summer 2016

Field Practicum in Public Health II (PUBH 5123), Fall 2017, Spring, 2017, Summer 2016

Chicago State University Department of Health Studies Community Health Undergraduate Program

Basic Epidemiology (HSC 4418), Spring 2018, Fall 2016, Spring 2014

Introduction to Environmental Health – Hybrid Course (H SC 4423), Fall 2017, Fall 2016, Fall 2015

Introduction to Public Health (H SC 3319), Spring 2018, Spring 2016

Health Policy and Admin – Online Course (H SC 3375/NURS 2375), Spring 2016, Spring 2015

Research Methods (H SC 3200/NURS 3200), Spring 2017, Spring 2015

Introduction to Health Professions (H SC 2150), Spring 2014; Spring 2017

Personal Health & Wellness (H SC 2220), Spring 2014; Health Behavior (HSC 3318), Spring 2014

Health Disparities (H SC 3313), Fall 2016, Fall 2015

Health Promotion (H SC 3317), Spring 2015, Spring 2014

Chicago State University College of Pharmacy, Pharmacy Practice Program

Research Methods and Pharmacoepidemiology (PHAR 6123), Spring 2017, Summer 2017
